SJRGC Archery Group 2024 Summary

another busy year for our archery group. Our overall attendance was the same as the previous oth our indoor and outdoor seasons. Below is a summary of our year in 2024 and our plans for ng year:

ımary:

- le continued our weekly Monday outdoor 3D shoots this past season, starting in late May and nooting until early September.
- nooter participation at our Monday evening shoots was about the same as the previous year ith an average of 10 shooters per night.
- ur second indoor season at Queen Elizabeth High went very well, and we added several new nooters to our group.
- ur group participated in the Archery Canada National Indoor Mailmatch tournament in 2024, ith a couple of our shooters receiving medals in their respective classes.
- ur target stands we repaired or replaced for our 2024/2025 indoor season.

<u> 15:</u>

- le were fortunate to secure our indoor facility again for this year. This has been a great cation for our group, and we hope to continue shooting here for years to come.
- ur club is renewing its membership with Archery Canada again for 2025, which will allow everal of our archers to participate in the National weekly Mailmatch archery tournament again nis year.
- ur 3D trail will require routine spring maintenance during our cleanup day, but no major work ill need to be done this year.
- everal of our target butts are starting to wear out and we may look at replacing a couple of nem later in 2025. Our 3D targets are good and should not require any replacements this year.
